

PENCILLETES.

Warm and sultry yesterday. \$2.50. The opening ball at Montvale Springs and a fancy dress ball at Tate's both occurred last night. Green apples begin to come in by the wagon load, and there seems to be no scarcity in the crop. Blackberries were in great abundance in market yesterday and were sold as low as 5 cents a gallon or 40 cents a bushel.

The eastern bound train yesterday evening was about two and a half hours late at this point, caused by the engine breaking down at Concord. Another engine had to be sent after them.

Seventy-eight million lead pencils were used up in this country last year. All but 1,000,000 were worn out by idiots who left their names in railroad depots, church belfries and city hall towers.—Free Press.

The steamer "Knoxville" has been hauled up at Chattanooga and will be thoroughly overhauled and renovated, ready for the trade next year, as good as new. The "Bishop" will serve as mail boat during that time.

Some fine peaches are being shipped here by express from the south. Our market is also abundantly supplied with the native fruit. It has been damaged considerably, however, by the excessive rains of the past few days.

Cider Mills at W. W. Woodruff & Co.'s. Our latest information from Mr. G. R. Margrave, at Clinton, whose skull was fractured by a blow inflicted by Esq. Moore, is that he has been taken with fever, and his condition is considered more critical.

The sanitary department and the street force appear to be doing good work about the city. Everything is kept in a good sanitary condition and the streets present an inviting appearance for cleanliness, especially since the washing rains.

Most of the Knox-villians who went on the Niagara excursion have returned home, and as far as we hear expressions, they were perfectly delighted with the trip, had a splendid time, and no accident to speak of occurred. Some of the boys, who did not count the costs very accurately before hand, became strapped before making the round, and had to call on their wiser and more fortunate companions.

Fly Fans! Fly Fans!! Four different kind, at W. W. Woodruff & Co.'s. The recent decision of the United States district court in Memphis, Tenn., in the case of P. P. Ward vs. the Paducah and Memphis railroad company, is to the effect that railroad companies are not bound to keep cattle guards to protect cultivated lands, unless when the owner of the land is granting the right of way makes a contract with the company binding it to make and keep open cattle guards for his protection. The legislature may compel it by general law, but no such law exists in Tennessee.

A fancy dress ball is to be given to-night at Tate Springs, as is announced elsewhere. There is now a large and fashionable attendance at this popular resort, and this is expected to be a very select and pleasant occasion. Knox-villians wishing to attend can go up this afternoon. It will be a splendid opportunity. Next Wednesday night a grand masquerade ball will begin, which will no doubt be another brilliant social event, and will attract the beauty and chivalry of Knoxville in large numbers.

Fine Table and Pocket Cutlery at W. W. Woodruff & Co.'s. Gran' Ma's Yeast Cakes are the best in the world, because they make better bread. Give it a trial. For sale at 100334. PETER KERN'S.

Hotel for Rent. Attention is called to the advertisement of Mr. Jos. W. Sneed, in this issue announcing that the well known Lamar House property will be leased to commence with September 1, 1880. This is a first rate hotel building, well arranged and located, and there will be a chance for some enterprising hotel keeper. Mr. Sneed will furnish further particulars on application.

Personal. Mr. J. Walker Lewis, senior member of the popular wholesale grocery house of Lewis & Carhart, left yesterday morning to enjoy the delightful baths and other good things at Warm Springs for a season. Capt. D. R. Nelson, of Loudon, returned home on the noon train yesterday.

Prof. W. Patterson, Dr. F. J. McKinley and Mr. Z. R. Thistle, members of the State Normal Institute, came over from Maryville yesterday morning and took the noon train for Cleveland, where they are to hold a Normal Institute. Prof. Bennett went on to Montvale Springs to take a little rest and recreation.

Capt. Sam P. Rowan, of Maryville, republican candidate for the state senate from his district, was in the city and gave us a pleasant call yesterday. We see from the Salt Lake Tribune that Col. J. M. Thornburg was in that city on Thursday last week.

Capt. W. W. Woodruff and a portion of his family went up yesterday evening to Tate Spring.

Mrs. J. F. O'Brien went over with his family yesterday evening to Montvale Springs.

Mr. S. H. George, of the house of McNulty & George, left yesterday evening for Tate Spring to spend a few days with his family who are there.

Ex-Mayor S. B. Luttrell's family returned home yesterday evening from a visit to relatives near Campbell's station.

Prof. T. C. Karns, of Cleveland, came up on yesterday evening's train, and is at the Hattie House.

Mrs. A. C. Bruce, of Atlanta, and her little daughter, Mamie, arrived Thursday night, to visit their old Knoxville friends, and spend the summer at some of our neighboring watering places.

What's to hinder everybody from subscribing for the CHRONICLE?

The Normal School. The most interesting feature of yesterday's session of the Knox county normal school, in session at the University of Tennessee buildings, was a lecture from Prof. S. H. Lockett, principal, on the subject of mathematics, especially as applied to education in common schools. The lecture was deeply interesting and thoroughly instructive. The professor handled the subject very satisfactorily, and explained, in a very lucid manner, some really knotty and intricate points connected with this important branch in the educational work.

The school continues to increase in numbers, and new teachers are enrolled as students each day. To-day will be an interesting day, being the close of the first week, and several important and instructive lectures are looked for.

Base Ball. There will be a meeting of the Condon's, at their club room on Clinch street, this morning at 9 o'clock. All members are earnestly requested to be present, as business pertaining to their trip to Chattanooga is to be transacted. By order of the captain.

L. C. Houck, Jr., Secretary.

Accident. Charles Yardley, youngest son of W. F. Yardley, fell from a tree in a neighboring lot Wednesday and broke an arm. No other serious injuries were sustained. The little fellow was suffering considerably from the pain resulting from the fall.

The CHRONICLE does not sleep, but runs around and catches the news.

The Shooters. "I challenge any man in Blount or Knox counties to shoot a glass ball match at Maryville, July 31, for the championship. The match to be 25 balls each, by Bogardus rules."

W. H. KIRK. In compliance with the above challenge, the following gentlemen met Capt. W. H. Kirk at Maryville, the 3rd inst., and the following is the result:

W. H. Kirk, 25 balls, broke 21, missed 4; J. M. Greer, 25 balls, broke 23, missed 2; J. C. McKenzie, 25 balls, broke 21, missed 4; Jo. Burger, 25 balls, broke 19, missed 6.

Murrain in Cattle. That dreaded and fatal disease murrain has been prevailing to some extent among the milk cows about the city, and there have been several deaths therefrom during the past few weeks. The disease is also attended with another dangerous feature, growing out of the skining of the animals after they have died with the disease. One man, a Mr. Cochee, living in North Knoxville, some weeks since, was called upon and skinned one of these cows. As a result, some of the rank poison which attends the disease, took hold where the skin was broke in one of his arms, and he was subjected to fearful pain and suffering. Dr. Jno. M. Boyd was called upon to attend the patient. He has been giving him close attention, and now has him in a fair way to recover. The man was a comparative stranger in our midst, having come here from North Carolina, with a large family, who would have been in destitute circumstances but for the assistance of neighbors.

We deem it advisable to warn all persons to be very careful about skining their cows after they have died with this fatal disease, for it is an extremely dangerous undertaking.

THE CHRONICLE gives the news of the day.

Adventure with a Bear. Mr. Sam. B. Dow, the clever salesman of the well-known wholesale grocery house of M. L. Ross & Co., tells us of quite a thrilling adventure with a bear, which an inhabitant of one of the North Carolina mountains, Mr. Stuckey, had recently. Stuckey had a trap set at a certain spot, and in passing that way one day he was surprised to find a large brown bear held fast in the trap. Stuckey was by no means prepared for a single-handed encounter with his bearship, having no weapon about him larger than a pocket knife. He took that, however, and cut a club, with which he began to fall the bear, but that infuriated him so that he lunged around until he had freed himself from the trap. Then the mountaineer supposed his time was up, but determined to sell his life as dearly as possible. They clutched, and the bear was about to get the best of it, but finally the mountaineer got hold of his knife and cut the bear's throat, killing him. He prizes that bear skin very highly.

PRaiseworthy Work.—Wm. E. Clarke of Providence, R. I., has issued a pamphlet which he sends free to any address, setting forth the results of his experience with reference to Bright's Disease of the Kidneys. Mr. Clarke adduces the most incontestible evidence that this malady yields to the proper remedy. The only medicine used by Mr. Clarke is HUNT'S REMEDY, the Great Kidney and Liver Medicine, and with it he performs cures that are really very remarkable. Sold by all Druggists. Trial size, 75 cents.

Persons of sedentary habits, often suffer with Kidney affections. Irritating medicines and overwork are fruitful causes of diseases of the Kidneys. Sufferers from this weakening and dangerous disease would maintain the strength of the digestive organs and improve the quality of the blood by a persistent use of Simmons' Liver Regulator, taken three times a day. This will restore the Kidneys to their wonted health and vigor.

"I have been troubled with Liver Complaint, Kidney Disease and bad blood for a long time. I have used about ten bottles of Simmons' Liver Regulator, and it has done me more good than all the medicines I ever took. I would not be without it. If you desire you can publish this."

Union County Republicans.

MAYNARDVILLE, July 9, 1880.

MR. EDITOR: The republicans of Union county assembled in mass meeting on Monday, the 5th day of July, 1880, at the court house in Maynardville, when the house was called to order by Capt. J. W. Branson, who briefly stated that the object of the convention was to appoint delegates to the senatorial and legislative conventions, and to do such other business as the convention might see fit to transcript, whereupon the Hon. M. V. Nash was chosen chairman and John W. Turner secretary.

On motion, the chair appointed J. E. Witt, Samuel Bayless, C. Acuff, M. Cook, Jr., and R. Hubbs a committee to select delegates to the two above named conventions, who reported the following: "The delegates appointed by your committee to the senatorial convention are: C. Acuff, J. C. McCrary, J. K. Waggoner, Russell Sharp, L. D. Bates, F. M. Hinds, G. W. Morton, J. W. Turner, J. E. Witt, M. V. Nash, Houston Lynch, Jas. McNew and Wm. Haun. The delegates appointed to the legislative convention to be held at Jacksonville are: F. Huddleston, Jr., G. W. Evans, Martin Cook, Jr., W. S. Sharp, O. L. Kirkpatrick, G. A. Turner, W. H. Longmire, J. M. Wilson, A. J. Savage, J. W. Taylor, F. P. Miller, S. Fletcher and W. T. Carden. R. HUBBS, Secretary.

Whereupon, the report of said committee was adopted. The chair appointed J. W. Branson, J. A. Smith, and F. M. Hinds a committee on resolutions, who returned with the following resolutions: Whereas, There have been divers calls from our sister counties, Anderson, Grainger and Knox, on Mr. Lafayette Huddleston to be a candidate for the state senate for the 4th senatorial district, composed of the counties of Anderson, Grainger, Knox and Union, and he, in compliance with said calls, has announced himself as a candidate for said office, subject to the action of a republican convention, and the republicans of Union county, in convention assembled, recognizing Mr. Huddleston as a man of integrity, ability, veracity, and uprightness in every respect; be it, therefore, Resolved, by this convention, that the delegation from this county to the senatorial convention be, and they are hereby instructed, to cast their vote in said convention for Mr. L. Huddleston, so long as there may be any hope of his nomination. Be it further Resolved, by this convention, that we recommend the legislative convention, when assembled in Jacksonville, to consider favorably the claims of Jno. P. Rogers, Esq., of Union county, to the race for the legislature from the counties of Campbell, Scott and Union, and should he become a candidate therefor, that the delegates are hereby instructed to cast the entire vote of Union county for him in said convention, when so assembled in Jacksonville. Resolved further, That we heartily endorse the nomination of James Garfield and Chester A. Arthur as our candidates for President and Vice-President, Alvin Hawkins and L. C. Houck, as our candidates for Governor and Congressman, and we do hereby unanimously pledge the entire republican ticket our most ardent support. Whereupon on motion the above proceedings were unanimously adopted. M. V. NASH, Chairman.

JOHN W. TURNER, Secy. P. S.—It was ordered that the proceedings be sent to the CHRONICLE and Republican for publication.

NO MORE OLD STYLE LIGHTNING RODS NEEDED.

The above cut represents a New Invention patented by Jas. C. Chambers, Newport, Ky., in 1871 and 1880, for protecting buildings from lightning. This method does not attract a stroke of lightning to the building, but being electrically insulated by a patented large glass insulator, both from the building and the earth, repels or prevents the stroke. It has stood the test without a single accident for the past three years. It is so constructed that it can be put up plain and very cheap or it can be put up as a cresting, making a nice ornament to any building as well as protection. For full particulars send for pamphlets at the office of SHEA & DONAHOE, Agents, Gay Street, Knoxville, Tenn.
